## EDUCATION

**HNGU UNIVERSITY, PATAN** BSC IN  
COMPUTER APPLICATION &  
INFORMATION TECHNOLOGY  
June - 2022

## CONTACT ME

Linkedin://radhika-zalodiya

## SKILLS

**BACKEND**— PHP(Project-level  
experience)

**FRONTEND**— JavaScript | HTML | CSS  
| Bootstrap

**Tools & Platforms**: VS Code | GitHub |  
Jupyter Notebook | Google Colab

**DATABASE**— SQL | MySQL

**PROGRAMMING**— C | C++ | python

**DESIGN TOOL**— Canva(for basic posters)

**CORE SKILL**: Problem Solving | Logic  
Building | Basic Data Structures |

## COURSEWORK

### UNDERGRADUATE

Data Structures and Algorithms

Object Oriented Programming

Python Programming

SQL, MySQL

Web Development

Database Management

## SUMMARY

- I am an Information Technology student at HNGU University
- I have appeared for my final semester exams. I have a basic understanding of IT concepts including programming, databases, and web technologies. Currently enhancing my skills in Python and SQL through a Data Science course. Passionate about solving real-world problems using data and continuously learning through hands-on projects.

## PROJECTS

**HTML5 | CSS3 | JAVASCRIPT |**

- In the dynamic real of web development, creativity is the fuel that drives innovation. With the powerful combination of HTML, CSS, JavaScript developers have the tools to craft immersive and captivating digital experiences. Let's delve into how these technologies come together to empower creativity in web development.

## INTERESTS

### TECHNICAL

Real-World Problem Solving | Data Science

Python | SQL | Exploring New Data

| Analytical Thinking
